

## ORTHOPAEDICS - JOINT REPLACEMENTS & ARTHROSCOPY

### DEPARTMENT OF ORTHOPAEDICS - JOINT REPLACEMENTS & ARTHROSCOPY

The department of Orthopaedics has a modern operation theatre and conforms to the highest standards in sterility.

Internationally qualified Orthopaedic surgeons undertake a variety of procedures including Joint Replacements, Arthroscopy, etc.

Major surgical procedures undertaken are :

- Fracture Fixation
- Shoulder and Knee surgery
- Birmingham Hip Re-surfacing
- Primary Joint Replacement
- Total Hip/Knee/Shoulder and Elbow Replacement

The department also has a well equipped Physiotherapy department.
